

Larsen-Sant Library In-House Xbox Policy

812

In order to use the Xbox, you need to have a parent or guardian sign this form (if under 18) and a valid library card with no fines or overdue items. You must also be at least 12 years old or older to use the Xbox. We do not have guest passes for the Xbox. One controller can be checked out at the circulation desk. You cannot leave the library with the controller. When checking out a controller, you are responsible to make sure the controller is in your possession at all times. If you leave the building, the controller must be returned to a staff member at the circulation desk. You are allowed 1 hour of playtime per day. You must not be disruptive or disturb any of the patrons in the library. **If you violate the rules you will be prohibited from borrowing or using the Xbox in the future.**

Xbox restrictions:

- Do not Leave a controller unattended in the Library at any time.
- Do not share the controller with other patrons.
- Do not Take a controller out of the Library building or into a restricted area of the Library (e.g. library restrooms).
- Do not Install software, save to the hard drive or change Xbox settings/configurations.
- Do not handle a controller in a careless manner that can damage equipment.
- Do not view or download pornography.

The patron and or parent agrees to replace damaged equipment. If violation of this policy leads to litigation, they also agree to pay all attorney and collection fees.
